At GFCA we are proud to carry forward the ethos of the original Drama Centre London, where Giles Foreman and many of our tutors trained and taught - but we are focussed around the needs of those entering and working in the Industry today.

*"The Giles Foreman Centre for Acting is the natural successor to the (original) Drama Centre London"*

*Christopher Fettes - co-founder of Drama Centre London - writing in 2018*

We keep our group-sizes small [usually between 8-16] to allow for high-intensity focussed training, and we achieve **great** results, with graduates working on the West End stage, in TV series and in feature film-roles, both in the UK and Internationally.

Our alumni successes result from our focus on developing each of the creative individuals who come to us. Come and train at GFCA, and you could join a growing heritage of alumni who have already gone on to find success in the industry.
